SKORPIO[™] X4

DATALOGIC

CHOICE OF WINDOWS EMBEDDED OR ANDROID™ OPERATING SYSTEMS

The Skorpio[™] X4 mobile computer features a high performance multicore 1 GHz architecture that offers blazing speed when running Windows Embedded Compact OS and allows easy upgradeability to the Android OS. Users will never run out of memory with the standard 1 GB RAM and 8 GB Flash.

OUTSTANDING USER INTERFACE

Equipped with the largest high-visibility 3.2 inch color display touch screen in its class, the Skorpio X4 mobile computer helps users work more efficiently.

Three different keyboards are available for maximum efficiency: a 50-key alphanumeric keypad, a 38-key functional keypad and a 28-key numeric keypad.

ERGONOMIC AND RELIABLE

This rugged mobile computer is particularly suitable for mobile commerce solutions in the retail environment both in-store and back-end receiving applications. With the best ergonomics on the market, the Skorpio X4 mobile computer reduces operator fatigue with no compromise in terms of reliability and robustness, resisting harsh environments, multiple drops, strong shocks and repetitive tumbles. The pistol-grip model has the most durable and comfortable handle in the industry.

WIRELESS COMMUNICATION

The Skorpio X4 mobile computer's wireless communication capabilities (802.11 a/b/g/n) enables speedy transmission of data, while *Bluetooth®* wireless technology v4 provides support for the new low energy mode (BLE). The new MIMO antennas provide extended coverage.

FEATURES

- Large high visibility color display with touch screen
- Choice of 1D or 2D imagers featuring Datalogic's patented 'Green Spot' technology for good-read feedback
- Wide Band Audio for improved speech recognition (Android[™] only)
- Choice of Microsoft Windows Embedded Compact 7 or Android v4.4 operating systems
- TI 802.11 a/b/g/n radio with CCX v4 and featuring MIMO antenna technology
- Bluetooth wireless technology v4.0 with BLE (low energy) on Android models
- 1.8 m / 6.0 ft drop resistance
- IP64 protection class
- WEC7 units include:
 - Wavelink[®] Avalanche[™] pre-installed and pre-licensed
 - Wavelink TelnetCE pre-installed and prelicensed on Pistol Grip units
 - Pal[™] pre-installed
 - Upgradable to Android 4.4
- Attachable handle (and orderable pre-installed)
- EASEOFCARE Service Plans offer a wide range of service options to protect your investment, ensuring maximum productivity and ROI

INDUSTRY-APPLICATIONS

- Inventory/Picking
- Shelf replenishment
- Price management
- Order entry
- Assisted sales
- Line busting
- Shipping/Receiving

SKORPIO™ X4
